Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ31

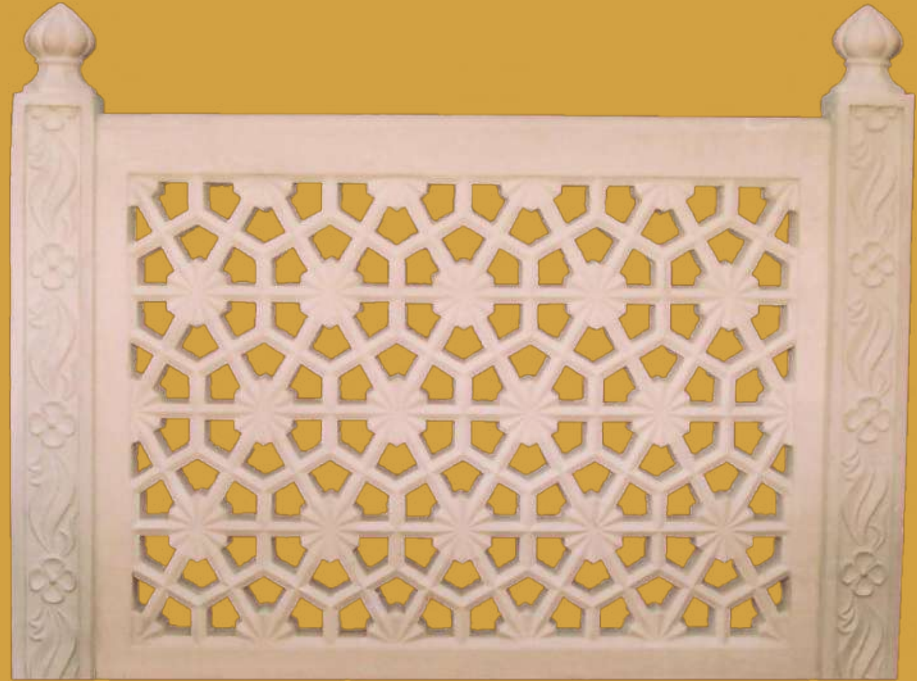

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

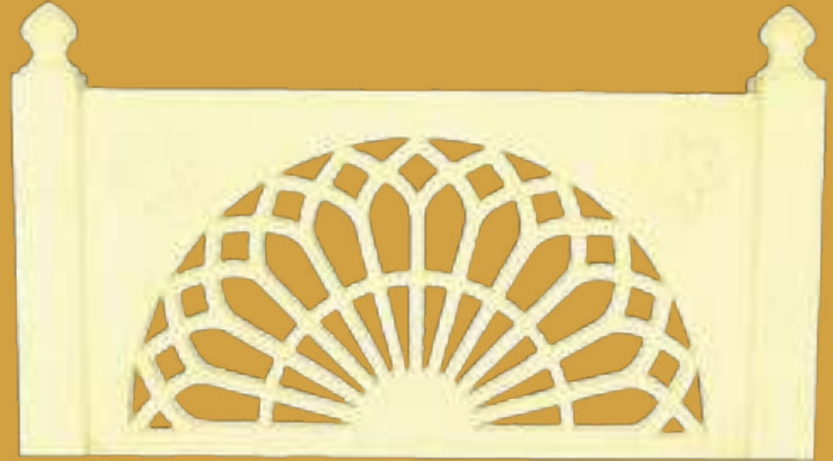

Product Code: RCCJ32

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ33

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ34

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ35

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ36

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ37

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

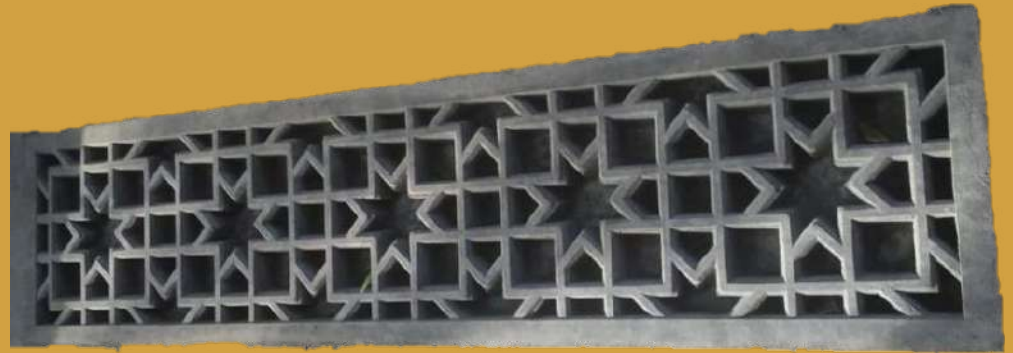

Product Code: RCCJ38

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

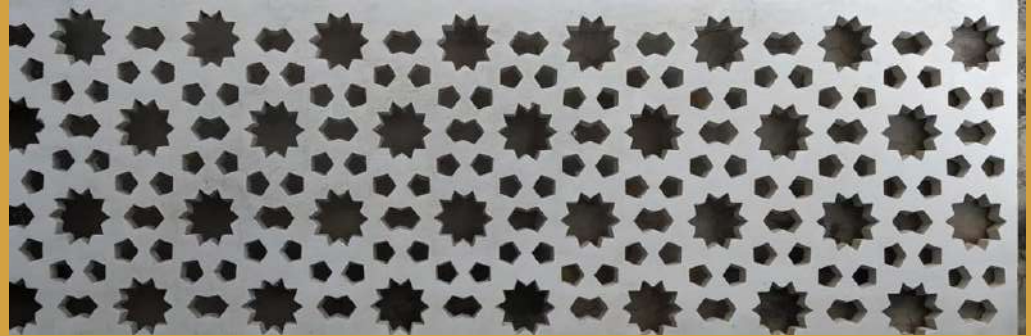

Product Code: RCCJ39

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ40

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ41

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ42

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

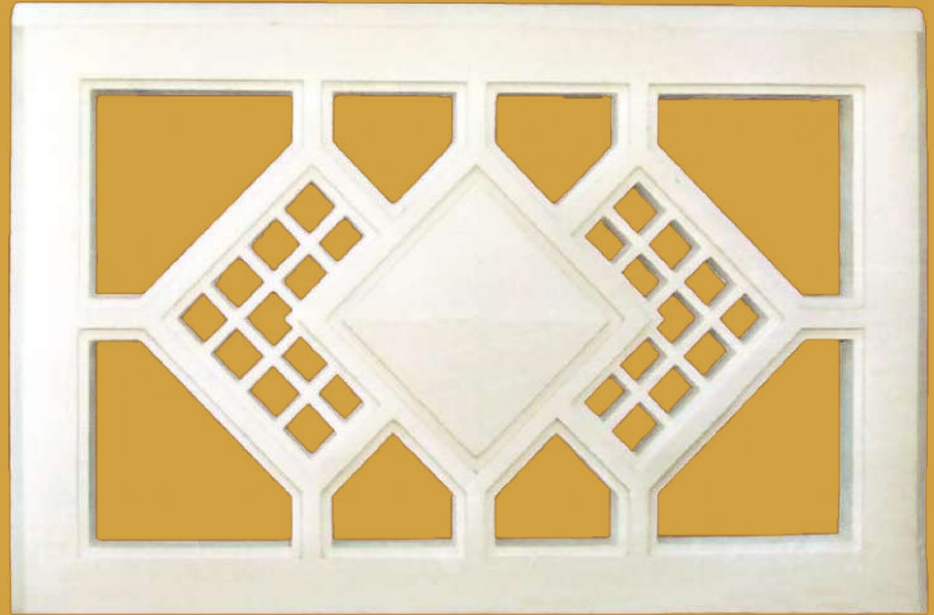

Product Code: RCCJ43

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ44

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

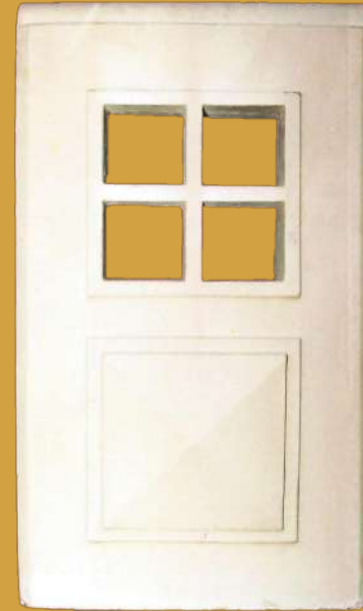

Product Code: RCCJ45

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

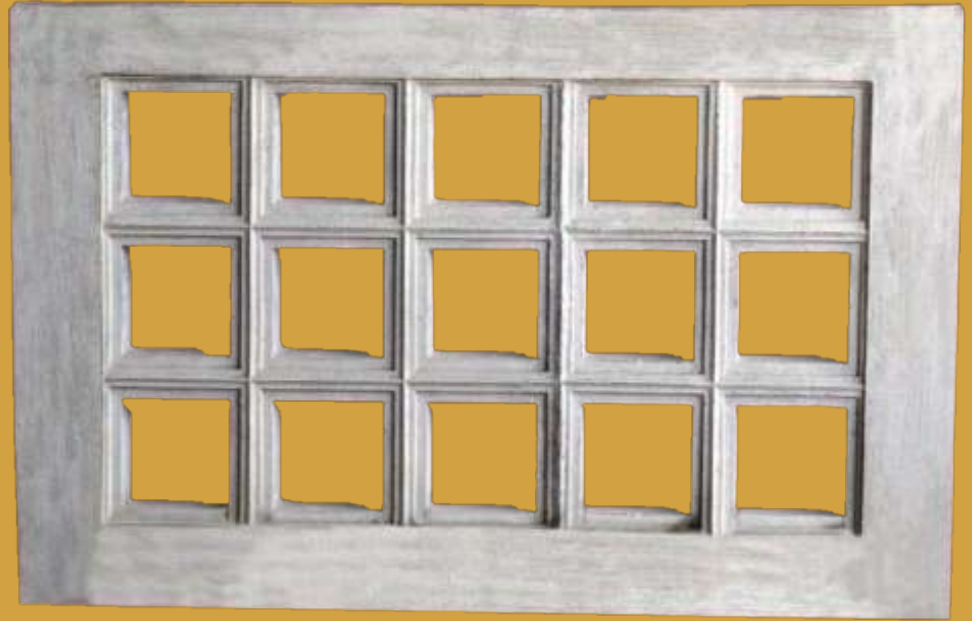

Product Code: RCCJ46

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ47

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

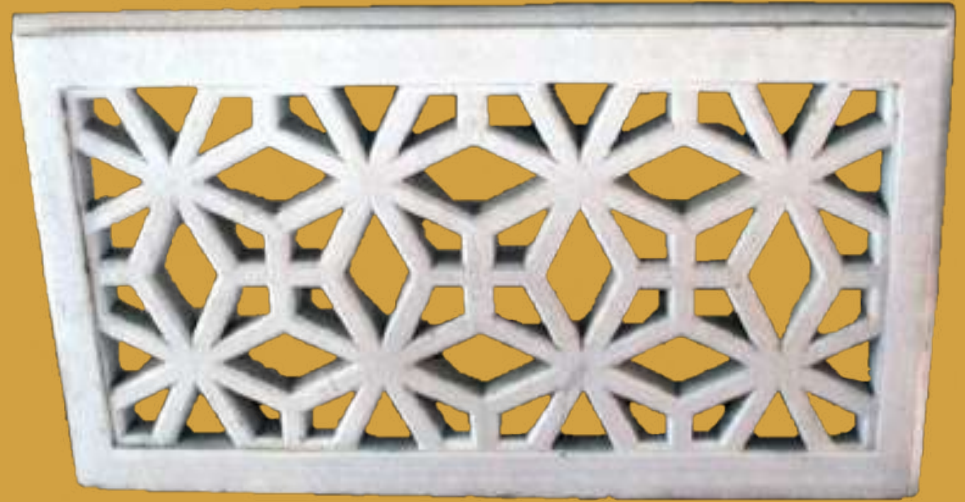

Product Code: RCCJ48

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

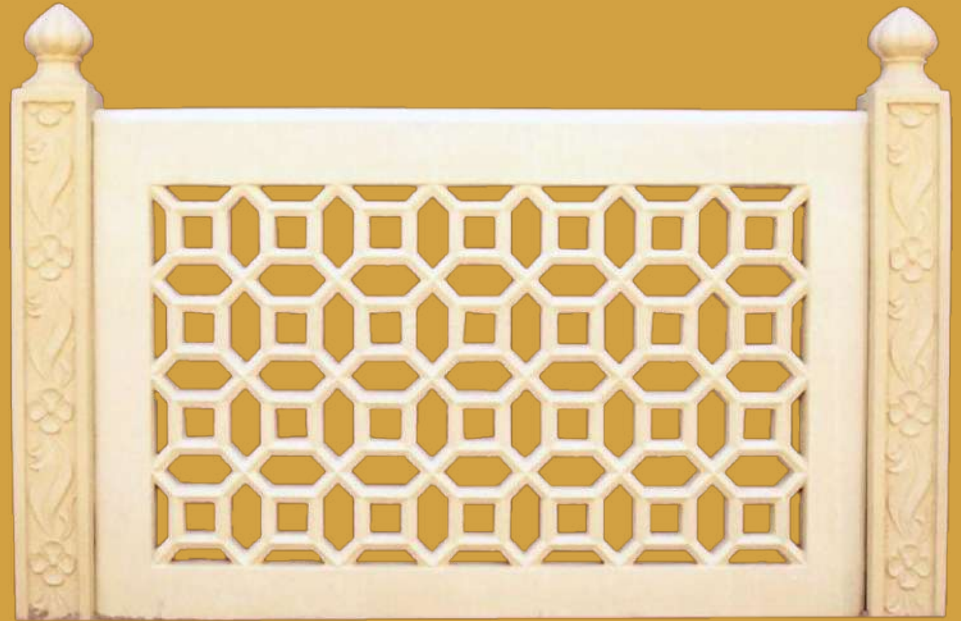

Product Code: RCCJ49

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ50

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ51

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ52

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ53

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ54

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

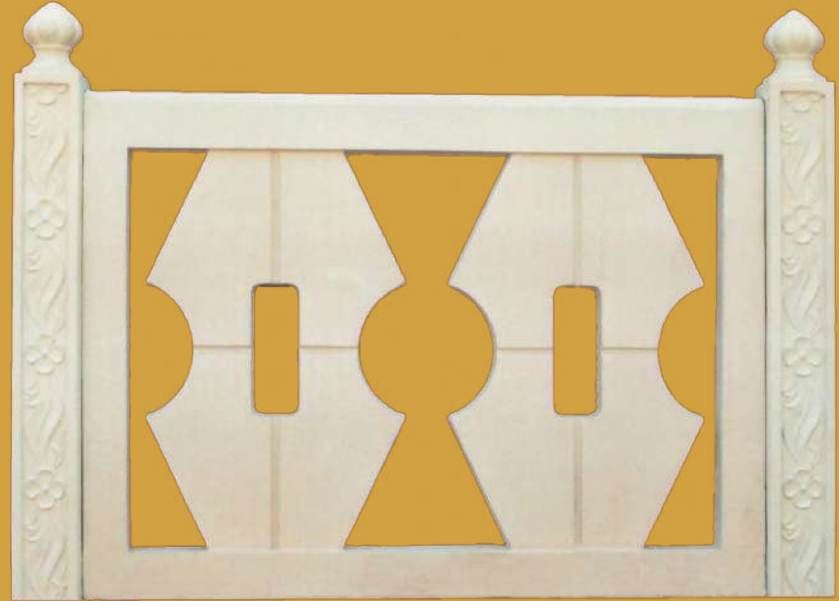

Product Code: RCCJ55

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

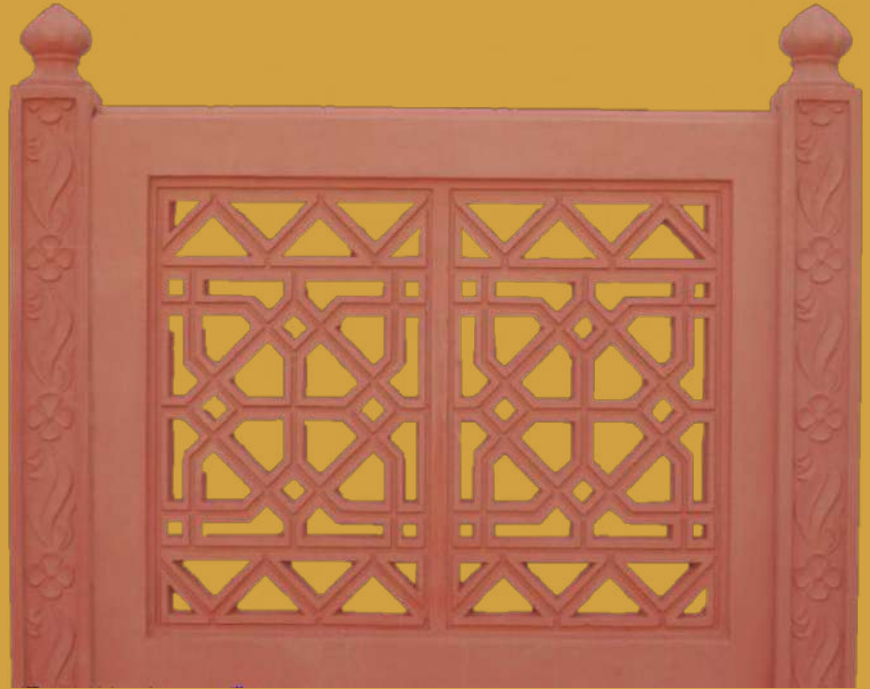

Product Code: RCCJ56

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

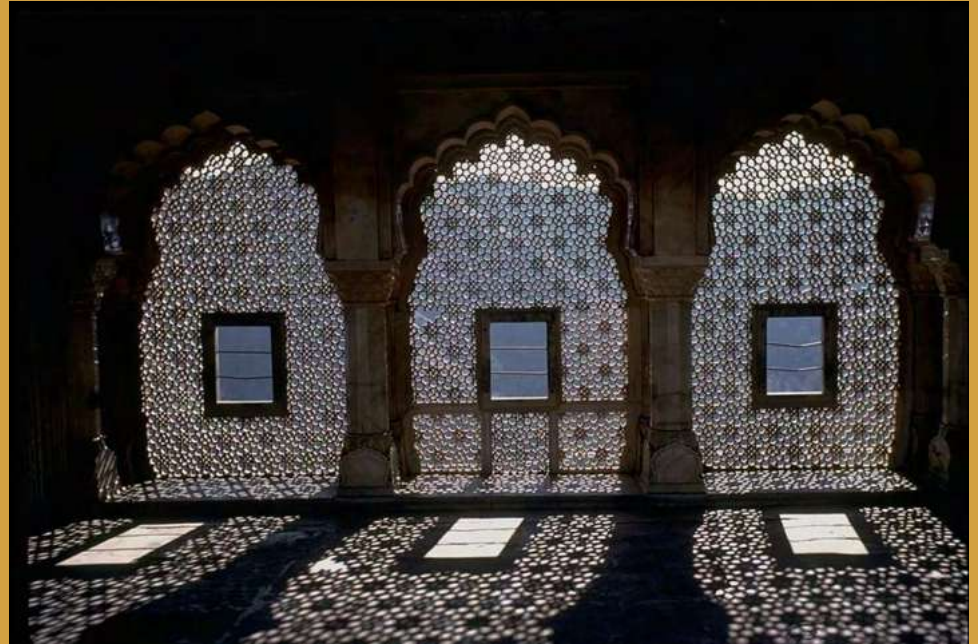

Product Code: RCCJ57

Use Case	
Railing	✓
Elevation	✗
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

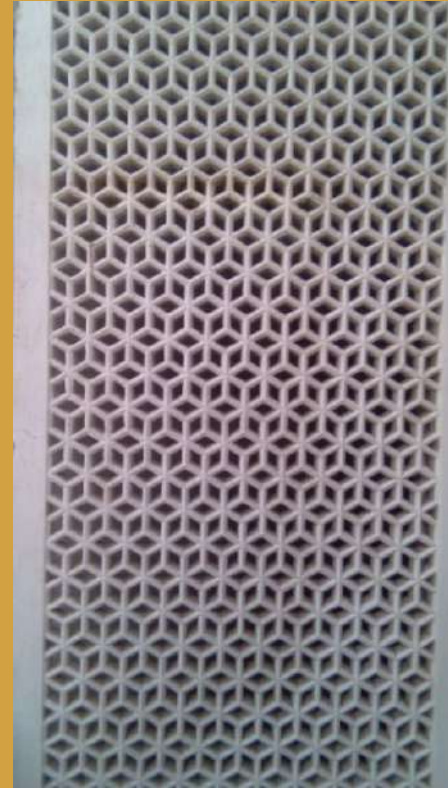

Product Code: RCCJ58

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ59

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ60

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ61

Use Case	
Railing	✓
Elevation	✓
Material Specifications	
M30 Grade Cement with Anti-Rust paint coated GI Wire Reinforcing	

Product Code: RCCJ62

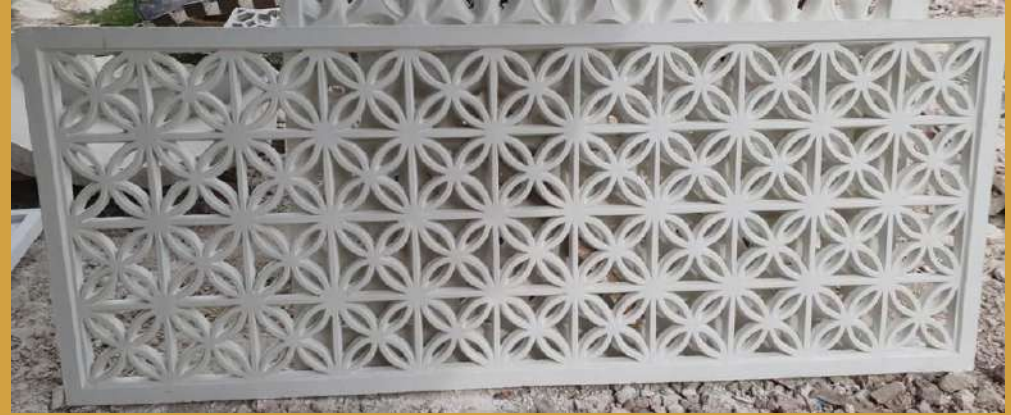

GRC Jalis

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
<p>GRC Jali made with Birla White Portland Cement with high-grade silica of minimum 1630 mesh, reinforced with Nippon/Owens Corning alkali resistant glass fibre, with super plasticizers & polymers manufactured by BASF or equivalent. Casting is implemented in superior quality FRP moulds.</p>	

Product Code: GRCJ01

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
<p>GRC Jali made with Birla White Portland Cement with high-grade silica of minimum 1630 mesh, reinforced with Nippon/Owens Corning alkali resistant glass fibre, with super plasticizers & polymers manufactured by BASF or equivalent. Casting is implemented in superior quality FRP moulds.</p>	

Product Code: GRCJ02

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
<p>GRC Jali made with Birla White Portland Cement with high-grade silica of minimum 1630 mesh, reinforced with Nippon/Owens Corning alkali resistant glass fibre, with super plasticizers & polymers manufactured by BASF or equivalent. Casting is implemented in superior quality FRP moulds.</p>	

Product Code: GRCJ03

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
<p>GRC Jali made with Birla White Portland Cement with high-grade silica of minimum 1630 mesh, reinforced with Nippon/Owens Corning alkali resistant glass fibre, with super plasticizers & polymers manufactured by BASF or equivalent. Casting is implemented in superior quality FRP moulds.</p>	

Product Code: GRCJ04

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
<p>GRC Jali made with Birla White Portland Cement with high-grade silica of minimum 1630 mesh, reinforced with Nippon/Owens Corning alkali resistant glass fibre, with super plasticizers & polymers manufactured by BASF or equivalent. Casting is implemented in superior quality FRP moulds.</p>	

Product Code: GRCJ05

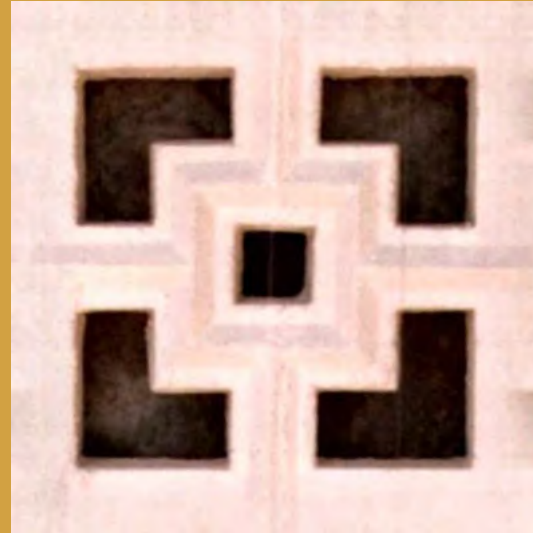

Use Case	
Railing	✗
Elevation	✓
Material Specifications	
<p>GRC Jali made with Birla White Portland Cement with high-grade silica of minimum 1630 mesh, reinforced with Nippon/Owens Corning alkali resistant glass fibre, with super plasticizers & polymers manufactured by BASF or equivalent. Casting is implemented in superior quality FRP moulds.</p>
